# Thrive & Rebuild

Founded in 1977, Tri-Valley Haven is a vital community resource in the Tri-Valley area serving adults and children who have experienced domestic violence, sexual assault, or homelessness.

Tri-Valley Haven's domestic violence shelter, aptly named SHILOH, for peace, has been the only confidential emergency shelter in the area. In the past decade, Tri-Valley Haven has helped over 3,000 families in finding safe homes.

After many years of housing families, the current shelter is falling apart. Due to the effects of the recent pandemic, the need for shelter has increased thus requiring a larger intake capacity. By expanding capacity, this new shelter will help 50% more households, individuals, and children to flourish and attain self-sufficiency. Dedicated play areas for children, groups, therapy rooms will be added. # Annual Holiday Program

Every year, Tri-Valley Haven helps local families in need during the holidays through our Annual Holiday Program. The program helps survivors of domestic and sexual violence, low income and homeless families celebrate the holidays by providing them with gift cards and food. Our annual holiday program fosters independence and empowerment. Thanks to our supporters, donors, and anonymous sponsors we gave out 240 turkeys & 80 chickens and 128 gift cards for Thanksgiving.

# The Future

Tri-Valley Haven started small by operating out of a volunteer's garage in 1977. Slowly, we grew - getting a community building, obtaining shelters, educating local schools, and expanding our services. While we are proud of our roots, it is time to look forward. Ann King, our Executive Director retired after 20 years and we all will miss her dearly. Christine Dillman, who has been with the Haven since 2001, will be taking over as Executive Director. This past year, we were able to obtain a more efficient building for our food pantry, conveniently located next to our thrift store. So, what's next? Our biggest goal for 2023 will be rebuilding our domestic violence shelter to expand intake capacity and update the facilities. We look forward to your continued support in 2023!
