Creating A Safe Haven for All

For nearly five decades, Tri-Valley Haven has been a beacon of hope and a safety net, providing safety, empowerment, and independence to local individuals and families in great need. Last year, our safe shelters provided refuge to over 250 individuals fleeing domestic violence and poverty, offering survivors and their children a secure, welcoming space for healing. Our 24-hour Domestic Violence & Sexual Assault Crisis Hotline answered over 3,500 local calls for help. In addition, Tri-Valley Haven's Client Choice Food Pantry assisted more than 6,600 Tri-Valley individuals and families facing hunger. Your partnership helps make this possible.

We are the only shelter that is confidential and the only shelter that accepts teenage boys.

Maria's Journey of Triumph

Maria found safety and hope at Tri-Valley Haven's emergency shelter after escaping domestic violence. With the shelter's support like legal assistance, counseling, advocacy, and resources—she rebuilt her life and regained her confidence. Today, Maria lives independently, working and caring for her children, empowered to create a brighter future. Supporters help make stories like Maria's possible, providing critical shelter, healing, and opportunity to survivors in need.

**Your support lights the way
